

Player Report on S. Figueredo

Season 2025/2026 Club CD Leganés

Date of Report 20-07-2026 Position RB / RWB / RCB Age 24 Foot Right Height 1.80m

Physique

Nothing about his frame stands out. A functional rather than imposing physical presence.

Pace

Some dribbling and carrying instinct, without anything that marks him out as an explosive athlete.

Work-Rate

A steady defensive contributor without being a standout destroyer.

Attitude

Competes evenly across his duels without dominating any single phase.

Technical

Genuine crossing and passing range for a full back, with a real creative touch despite almost no goals of his own.

Intelligence

More of a creator than a scorer from wide areas. His creative contribution stands out more than his defending.

Comments

A Uruguayan full back whose value leans towards service and creation from wide areas rather than physical defending or goal threat. A solid, functional player without a standout trait in any one direction.

Strengths

- Genuine creative touch from a defensive position
- Reasonable crossing range
- Positional versatility across the back line

Weaknesses

- No goal threat of his own
- Defending in duels is unremarkable
- No standout physical or defensive trait

Overall rating: 5.5 / 10
