EXECUTIVE SUMMARY

The 2025/26 season is complete. Barát's elite athletic profile (Top 7% Czech league sprint distance) and exceptional development ceiling (Dev. Value 76.9) make him a priority monitor entering the summer 2026/27 window. The model 'wrong role' flag suggests Slovácko underutilises him — a club offering wider positional freedom could unlock meaningfully higher output. Act now.

STRENGTHS	CONCERNS	NEXT STEPS
→ Elite athleticism 93rd pct sprint distance, 92nd pct sprint count (2025/26 final) → Age trajectory Dev. Value 76.9, Age Resale 92.1; maximum upside at 19.7 → Dribble volume 4.55 dribbles/90, direct carrying threat in transition → Smart Club fit Strong alignment with Pozzo / Benfica academy trading model → Accessible deal Czech Tier 1, lower fee risk, realistic 2026/27 window	→ Role misalignment FCHK Model V3 flags 'Concern / wrong role' for 2025/26 → Creative output xA 0.38, xG 0.93 over 593 min; below wide-attacker norms → WAR rank 37/99 Slightly below Czech league median for wide attackers → Sample size 593 min over season; would benefit from ≥900 min for projection → No video review Live / video assessment not yet completed	→ Request 2025/26 full-season video package (min. 8 matches, focus transitions) → Season complete — re-run FCHK Model V3 with full 2025/26 dataset now available → Submit formal interest to agent by 31 July 2026 for 2026/27 registration → Schedule pre-season assessment visit (Slovácko training camp, July–Aug 2026) → Priority: Summer 2026 window — confirm contract status and transfer fee
